

Face Covering Exemption Form

2021-2022 School Year

Instructions: The Pewaukee School District recognizes that some students may have medical conditions, disabilities, mental health conditions, religious, or personal reasons whereby wearing a face covering may not be ideal, and thus the District will reasonably accommodate these students. In the event, Pewaukee School District students are required by local school board action to wear face coverings, while attending in-person at school, as parent or guardian, you may request permission to receive an exemption to a face covering requirement. The District may not waive federal, state or other possible emergency orders or requirements from other entities with statutory authority that may mandate individuals wear a face covering in schools. To receive an exemption, please fill out one form per child and return it to your child's school. Your child will be identified in our system and will not be required to wear a face covering.
