

**PEWAUKEE**  
**SCHOOL DISTRICT**

# Summer School 2021

## Brochure

[Pewaukee Summer School Terms/Agreements](#)

***By enrolling in Pewaukee School District's summer school program, you agree to the following terms and guidelines.***

## **PEWAUKEE PUBLIC SCHOOLS STUDENT NETWORK (INCLUDING INTERNET) USE PROCEDURES**

The Pewaukee Public Schools believes that knowledge of technology and electronic information is fundamental to learning. The District encourages reasonable access to various information formats and believes it is incumbent upon users of this technology to avail themselves of this privilege in an appropriate and responsible manner.

### EDUCATIONAL PURPOSE

Access to the technology in the Pewaukee Public Schools has been established for educational purposes. All school computer network accounts must be used in support of the educational objectives of the District. You are responsible for anything sent on the network with your name on it. The use of the Pewaukee Public Schools network is a privilege, not a right, which may be revoked at any time for abusive or inappropriate conduct.

\*\*\*You are expected to abide by the acceptable policy of network usage including but not limited to the following:

#### LEGAL USE OF NETWORK

- All illegal activities are strictly forbidden including accessing or transmitting obscene, abusive, sexually explicit, or threatening language or materials.
- Students may not load software/applications onto district computers.
- Students may not copy commercial software for use by friends.
- Students may not copy software from the Pewaukee Public Schools computers for any reason.

#### APPROPRIATE LANGUAGE

- Appropriate language must be used in all private and shared documents.

#### PRIVACY AND PERSONAL INFORMATION

- Do not reveal your name, address, phone number, etc. or personal information of your friends to anyone.
- Under no circumstances should a personal password/account be provided to another person.
- You may not use an account other than your own nor misrepresent your identity.

#### SOFTWARE

- All software (networked and non-networked) must be loaded by and stored with the Technology Coordinator.

## EQUIPMENT

- It is unacceptable to relocate computers, add or remove peripherals, remove any cords or connections, or dismantle a computer in any way.
- The principal must give permission prior to students bringing computer hardware into the district for special projects.
- Students and their parents/guardians will be responsible for any damage and will be held responsible for the replacement of parts or technician time to correct that which has been altered or destroyed.

## MANAGEMENT

- Pewaukee Public Schools reserves the right to monitor all District technology. The District also reserves the right to search Internet accounts accessed with school equipment without permission if it is felt that illegal or otherwise inappropriate use of the technology is occurring.
- Improper use of the District's technology, including the Internet, will result in fines, loss of network privileges, suspension or expulsion as deemed appropriate.
- Students who vandalize equipment or who fail to abide by the above provisions may have their network privileges removed for part or all of the school year.

# **Pewaukee Summer School 2021 Course Descriptions**

*Note that course offerings may be subject to change based on enrollment and staffing.  
The schedule will be online 1 week prior to online course selection which opens  
**Saturday, March 20 at 8:00am.***

*All grade ranges are based on what grade the student was in during the 2020-21  
academic year.*

## **General Classes**

### **Advance Board Games (grades 5-8)**

Fee: \$0

#### **New this summer!**

Use all your board game and problem solving strategies to play board games that are advanced and may have to continue over several days!

### **Amazing Authors (grades 3-4, 5-6)**

Fee: \$0

#### **New this summer!**

Calling all authors! In this class we will investigate published authors and then become published authors ourselves. Students will use the writing process to compose a story and then make a published copy. Bare book included.

### **American Girl Dolls (grades 1-4)**

Fee: \$0

Bring your American Doll (if you have one) to class and study the historical time with Molly, Samantha, and Addy. Fun tea parties await you and your doll.

### **Animal Detectives (grades 1-2)**

Fee: \$0

Can you identify this mystery animal? I have been known to eat the handles of rowboat oars, and even steering wheels on cars. This is just one of many animal mysteries we will unlock. Our focus will be upon the study of Wisconsin species. Students will also take home a souvenir animal print t-shirt they designed themselves. If you can't get enough of animals, this camp is for you!

### **Backyard Biology (grades 1-2)**

Fee: \$0

Biology doesn't just happen in a forest, swamp, or ocean. It's happening in your own backyard! You will explore plants from seeds to seedlings.

### **Baseball (grades 1-2, 3-4)**

Fee: \$0

This course will help the emerging baseball player develop proper swinging and fielding techniques. Learn the basics of offense and defense while having fun.

**Basketball (grades 1-2, 3-4, 5-8)**

Fee: \$0

Improve your basketball skills and increase your love of the game. This class gives you the opportunity to practice with and compete against kids your own age.

**Big Green Machine TREES (grades 1-2)**

Fee: \$0

Have you hugged a tree today? We'll discover all the important things that trees give us. Walking trips on campus and into the woods will provide us with hands-on exploration of the mighty machines and a source of leaves for our tree identification booklets. Each student will plant a tree seed to take home. We'll also add some drama to our class as we act out the inner workings of the tree.

**Bowling, Bocce Ball, and Bags (grades 1-2, 3-4)**

Fee: \$0

Looking forward to having a blast this summer? Join your friends and experience the fun and competitiveness of bowling, bocce ball and bags.

**Break A Leg (grades 5-12)**

Fee: \$0

Have you always felt like there was an actor or actress hidden in you? Now you have a chance to live your dream of being a drama queen or king. In this exciting class you will experiment with fun dramatic situations and activities. The course will culminate in a presentation in front of an audience. Note: There will be a performance during the last week.

**Camping for Kids (3-4)**

Fee: \$0

Students will learn camping basics including knot tying, finding a great campsite and pitching a tent. Get ready for family camping fun!

**Card Sharks (grades 1-2, 3-4)**

Fee: \$0

Everybody loves card games! This class will hook you into math through playing cards. You will learn and strengthen skills in counting money, math facts, problem solving, place value, and other mathematical concepts through playing partner and solitaire card games.

**Chemistry for Kids (grades 3-4)**

Fee: \$0

Explore the awesome world of Chemistry for Kids with fun experiments. Find out about atoms, elements, gases, liquids, solids, cool chemicals and much more.

**Chess for Champs (grades 3-4, 5-8)**

Fee: \$0

This class helps you understand the game of chess. Students learn about chess pieces, moves, and strategies used in the ever-popular game of chess! Who knows? You may have what it takes to be a chess champ!

**Chess for Champs ADVANCED (grades 3-8)**

Fee: \$0

This chess class offers competitive matches and strategies for the player that is **advanced and knows chess**.

**Computers: Web 2.0 Applications (grades 4-6)**

Fee: \$0

This multimedia class teaches kids how to use Web 2.0 applications that they can bring back into the classroom next year to make their projects stand out! From quizzes to getting feedback, spicing up presentations to creating drawings and coding, students will dive into the world of Web 2.0!

**Crafty Kids (grades 1-2, 3-4)**

Fee: \$15

Snip it, clip it, bead it, melt it, paint it, thread it, mold it, fold it, twist it, press it, and string it. This is just the beginning of what we will be doing. We'll create some crafts that are crazy and kooky, and when you are done, you'll get to take it home. Be part of the fun!

**Cricut Crafts (3-4, 5-8)**

Fee: \$15

Do you love crafting and creating? Are you ready to take your skills to the next level? Try out Cricut Crafts this summer! Spend three weeks learning the Cricut graphic design program to make crafts come alive. Work with a range of materials from cardstock to iron on vinyl to create your very own personalized, professional-looking projects. Leave this class with your own unique cards, water bottle, tote bag, and more!

**Cross Country (grades 5-7, 8-12)**

Fee: \$0

This class will provide excellent pre-season training for cross country runners and any other athletes planning to participate in endurance-based sports. Non-athletes who are looking to improve their overall fitness level are also encouraged to join the class. Students will run and work on core/body strength. This is a 2-hour class. **The 8-12 grade will only meet session B because of track season.**

**Disc Golf (grades 5-8)**

Fee: \$0

**New this summer!**

Disc golf is a flying disc sport in which players throw a disc at a target or cage. It is played with rules similar to golf. Come and learn a sport that can be played all summer long!

**Dogs - Our Furry Friends (grades 1-2)**

Fee: \$0

Have you ever wondered where dog breeds began? What are their characteristics and traits? Learn all about man's best friend!

**Drum Circle (grades 1-2, 3-4)**

Fee: \$0

Walk to the beat of your own drum in this class. You will learn how to play various metals, woods, shakers, scrapers, and drums with the proper technique. Your rhythmic skills will be strengthened as you participate in drum circle activities and games. Get down to the beat!

**Duct Tape Crafts (grades 3-4, 5-8)**

Fee: \$15

Duct tape isn't just for fixing things anymore. Wallets, phone covers, board games; if you can imagine it, you can make it with duct tape. American teens have embraced this hot trend and will go ga-ga for this creative new art of crafting with duct tape. Come with your ideas and be ready to create!

**Escape Rooms (grades 5-8)**

Fee: \$0

**New this summer!**

Not only will you participate in escape rooms but you will make your own! Challenge yourself and use your creative minds for this new, fun class!

**Fancy Nancy (grades 1-2)**

Fee: \$5

"Meet Nancy, who believes that more is ALWAYS better when it comes to being fancy." From the top of her tiara down to her sparkly shoes, Nancy shows us all a thing or two about being fancy. Let your child enter into the extravagant world of Fancy Nancy, the beloved character (with a larger-than-life personality!) from the children's series by Jane O'Connor. With engaging activities like preparing snacks for a sumptuous tea party with the queen to designing her very own posh party hat, this class will definitely appeal to your child's "inner princess!"

**Field of Games (grades 3-4)**

Fee: \$0

Enjoy a morning of physical activity out in the sun! We will be playing cooperative games while promoting good sportsmanship. If you like "Fish and Whales", kick ball, obstacle courses, and team sports, then come and join us for an hour of fun in the sun!

**Fishing (grades 3-4, 5-8)**

Fee: \$0

In this class you will learn fishing techniques, fish identification, the importance of taking care of our waterways, and fishing etiquette. Most importantly, you will learn that fishing is fun, not just smelly! You will go fishing daily. We will have a lot of fun and great experiences that will help a new or experienced fisherman enhance his or her skills. Requirements: fishing pole. This is a 2-hour class. Students will walk to the beach and back daily weather permitting.

**Fired Up for First Grade ( 8:00-11:45)**

Fee: \$0

This is the ONLY class available to students who will be **going into first grade**. The class is divided into sessions of math, reading, science, and arts and crafts. We will be using the Reader's Workshop approach for reading. This 4-hour class is appropriate for all ability levels.

**Football (grades 1-2, 3-4, 5-8)**

Fee: \$0

Hut, Hut, Hike offers an incredible opportunity for any future football star to learn and enhance their skills in running, catching, passing and blocking. This class is open to students of all ability levels, the class will focus on individual techniques and, more importantly, fun. Students will participate in a variety of games!

**Game Stop (grades 1-2, 3-4)**

Fee: \$0

Love to play board games? Want to strengthen your thinking skills? Have loads of fun as you polish your problem solving abilities and learn some new strategies. Choose from a variety of different board games and hands-on puzzlers that you may play individually or with your friends. Many levels of play and types of games available.

**Golf (grades 3-4, 5-8)**

Fee: \$0

Fore! Swing away and have a blast while learning the proper techniques and fundamentals to develop a fluent golf swing. Basic skills are stressed along with supportive competition and sportsmanship. Discuss and practice techniques such as center of gravity, balance, swing arc, position of upper/lower body, and coordination.

**Guitar (grades 5-8)**

Fee: \$10

**Back for this summer!**

This is a beginning level course for students to begin understanding, playing, and enjoying these essential traditions and styles on the instrument that truly represents American music, the acoustic guitar. Guitars will be available for student use but you are welcome to bring your own if you wish. Enrollment is limited to ten students. Lesson books with a play-along CD, a pick and a song packet are included.

**Hiking & Biking (grades 3-4, 5-8)**

Fee: \$0

Orienteeing, hiking, and biking will be the highlights of this summer adventure class. Adventures will explore the basics of many outdoor activities, but they must have an off-road preferably geared - bike in proper working condition, an approved helmet, and closed-toe shoes. (Please note: **This is a moderately intensive physical class.** Be prepared to bike a 4-5 mile stretch.) You do **not** need a bike on the first day of class. This is a 2-hour class.

**Hip Kids (grades 1-2, 3-4)**

Fee: \$0

Discover the funky moves of hip hop while learning combinations. Students will experience and learn the latest moves and age appropriate music and routines!

**Internet Central (grades 1-2, 3-4)**

Fee: \$0

Students will be introduced to Google Chrome and learn how to safely search Google. Students will also be introduced to a variety of websites that will help them with their math, literacy, coding, and typing skills.

**Intro to Programming (3-5, 6-8)****New this summer!**

Fee: \$0

This course aims to teach introductory concepts of programming through Code.org. Topics in the class include sequencing, loops, binary, functions and variables. No prior experience is required.

**iRUN (grades 3-4, 5-6) For Girls**

Fee: \$0

iRUN is a **running** club open to 3rd - 5th grade **girls** to promote a healthy body image, teach training practices, and encourage teamwork among fellow peers. The time together will consist of stretching routines, a run outside as a group (some runs will be off-campus) and a community circle to end. If weather does not allow for outside running, we plan to do an alternate exercise routine.

**Jump Start for 4K (2 weeks 8-9:45 OR 10-11:45)**

Fee: \$0

This class is available to all students **entering the 4K** program in the fall. This sneak peak at 4K provides interaction for children and aids in the transition to 4K. Focusing on socialization, children will enjoy games, songs, stories, projects, and more. **You may only sign up for one 2-week session**

**Jump Start for 5K (4 weeks 8-9:45 OR 10-11:45)**

Fee: \$0

This class is available to all students who are **entering kindergarten** in the fall and is designed for children who may benefit from a classroom environment before entering kindergarten. The program includes three specific areas: oral language development, fine and gross motor development, reading, math and social skill development. Students will also participate in art, music, math, and alphabet activities.

**Lacrosse (grades 3-4, 5-8)**

Fee: \$0

You're running across a field holding a stick with a basket on the end. Other people are chasing you. Are you trying to catch a man-eating butterfly? No! You are playing lacrosse. Lacrosse is a game that looks a lot like field hockey and soccer, played on a large field with a goal on each end.

**Lego Robotics (grades 3-4, 5-8)**

Fee: \$0

Calling all builders, junior architects, and dreamers! Students will use Lego elements as well as computer software to create a robot to use in mission challenges to test with their classmates. This is a 2-hour class.

**Lights, Camera, Action (grades 1-2, 3-4)**

Fee: \$0

Have you always felt like there was an actor or actress hidden in you? Now you have your chance to live your dream of being a drama queen or king. In this exciting class you will experiment with fun dramatic situations and activities. The 4-week course will culminate in a presentation in front of an audience. Note: There will be a performance during the last week.

**Math Skills and Thrills (grades 1, 2, 3, 4-5)**

Fee: \$0

Practice the skills needed to go beyond just the everyday drill and practice. Learn tricks to help you increase your math skills and enjoy the thrills of math extensions! Complete activities that will stimulate, fascinate, and challenge students to be active learners. Students will practice problems that require logical thinking as well as computation application.

**MinecraftEdu (grades 3-4, 5-8)**

Fee: \$0

Students will collaborate with peers to build structures and complete a series of challenges throughout this course using MinecraftEdu. Students of all gaming abilities are welcome to join this innovative building challenge. At the end of each challenge, students will share their ideas and creations with the rest of the group. Come to create, collaborate and innovate!

**Native American Spirit Flute-Making (5-8)**

Fee: \$5

**Back for this summer!**

Make, paint, decorate, and learn to play a Native American Spirit Flute. Students will explore Native American and First Nation Cultures along with the tradition of the Spirit Flute. The class will finish with a flute pow wow on the last day of class.

**Ping Pong (grades 3-4, 5-6, 7-8)**

Fee: \$0

Challenge your classmates in a friendly game of table tennis this summer. Learn the rules, practice your serves, volley for points and have a great time!

**Poms / Dance (grades 1-2, 3-4)**

Fee: \$0

Join us to learn pom and dance routines. Proper stretching will be an emphasis. By the end of the course, you will be able to show off your skills by performing for parents and friends.

**Readers/Writers Workshop (1, 2, 3, 4)**

Fee: \$0

Students will engage in creative language arts activities (reading, writing, speaking & listening) within their respective learning range. Small guided reading groups, word study and response journals will be part of the daily lessons. The newly formatted class is open to all learners. Keep your summer brain energized!

**Reading Scavenger Hunt (grades 1-2, 3-4)**

Fee: \$0

Students will be given a "map" with different reading challenges. Some of the challenges will include "Read a story about a place you'd like to visit" or "Read a story while lying in the grass". Students will have an opportunity to discover what they like to read as well as how they like to read. They will be introduced to a variety of different types of stories (poetry, non-fiction, short stories, etc..) and will get to choose which stories stand out to them. The scavenger hunt will last through the two weeks of class, ending with a celebration on the last day to discuss favorite stories from the class!

**Rocketry (grades 3-4, 5-8)**

Fee: \$10

Blast off as you investigate the history of rocket travel. Then use your knowledge as you design and launch your very own rocket!

**Scrapbooking (grades 3-4, 5-8)**

Fee: \$15

Have fun while creating your personalized scrapbook. Bring your own pictures, supplies and ideas. We will share and have fun using your imagination, original designs and skills. At the end of the class, you will have a memorable creation to keep for a lifetime. A scrapbook will be provided.

**Shake Rattle & Roll (grades 1-2)**

Fee: \$0

Whose fault is it: **volcanoes or earthquakes**? Come with us to search beneath the earth's crust for core samples and visit the Ring of Fire to discover how and why volcanoes and earthquakes form. We'll use a seismograph, design and test earthquake-proof structures, and analyze different types of lava. Our study would not be complete without the construction and eruption of our own volcanoes.

**Soccer (grades 1-2, 3-4)**

Fee: \$0

Soccer is the fastest growing sport in the United States. Students will participate in small game formats learning teamwork and coordination. Learn about the game and improve endurance to get your kicks!

**Softball (grades 3-4, 5-8)**

Fee: \$0

Have fun learning the great game of softball. Activities will both introduce the sport to novices and prepare others for league play. Emphasis will be on learning skills and enjoying the game throughout drills and interclass competition.

**Something to Sing About (grades 1-2, 3-5)**

Fee:\$0

Students in this class will show off their talents while learning proper singing technique. Focus will be on stance, respiration, phonation, tone production, diction, and expression. Learn new songs. Sing in harmony. Come join the chorus!

**Speed, Strength & Conditioning (grades 8 - 12)**

Fee: \$0

Meet your fitness goals by joining our incredibly successful Pewaukee Conditioning Course. Participants will be able to experience class in a state-of-the-art fitness center. This course has turned into a staple of our tremendous athletic program. It has helped lay groundwork for our success in all sports. This course is geared toward the serious athlete who is interested in improving his or her athletic performance at the high school level. This is a 5-week class,

**Monday - Friday** . June 14-July 23, off July 5-9 **Boys 7-9:00, 8-10:00 Girls 9-11:00**

**Tennis (grades 1-2, 3-4, 5-7, 8-12)**

Fee: \$0

Our great tennis courts await your serve! Wouldn't you "love" to be part of a singles or doubles match? Learn to serve, volley and outplay your opponent. Students will need a racket.

**Ugly Dolls (grades 1-2)**

Fee: \$0

Welcome to the world of ugly dolls where “ugly” means unique and different, and celebrating who you are inside and out is the new beautiful. Create your own original ugly doll that you get to design, sew and name. Students will be able to express their creativity to hand sew a unique fleece doll of their own.

**Ultimate Frisbee (grades 5-8)**

Fee: \$0

Ultimate Frisbee is an exciting, non-contact team sport played by thousands around the world. It mixes the best features of sports such as soccer, basketball and American football into a simple yet demanding game. Learn the basics and have a Frisbee throwing good time!

**Wild About Nature (grades 1-2)**

Fee: \$0

Wanted: Nature enthusiasts! Put on your hiking shoes and sunblock, and join us as we explore the varied habitats on campus: the woods, prairie, field, and mowed lawn. We will examine, collect, and compile booklets of plant samples from these habitats. We will also learn to identify native and summer resident birds and their calls. Our adventures will include the study of adaptation, biodiversity, food chains, energy flow, and invasive species. Sunblock needed!

**Wonderful World of Sports (grades 1-2)**

Fee: \$0

Have fun kicking, passing, shooting, dribbling, hitting and running. Experience a variety of team and partner sports in a noncompetitive environment. Emphasis will be placed on learning the basics and having a great time. Cooperation through teamwork and sportsmanship will be stressed.

**Yoga (grades 3-4, 5-8)**

Fee: \$0

Twist, stretch and shape up with this class. Taught by a yoga enthusiast, you will explore ways to express the essence of each pose in a clear, simple, and engaging way - keeping the atmosphere relaxing and soothing.

**Youth Conditioning (grades 5-6, 7)****New name! Was Speed, Strength and Conditioning Jr.**

Fee: \$0

This course emphasizes the latest in strength, agility, quickness, and explosive exercises. This course is geared toward the serious middle level athlete who is interested in improving his or her athletic performance. The instructor will use a developmentally appropriate approach for young athletes.

**Zumba (grades 3-4, 5-8)**

Fee: \$0

**New this summer!**

Are you ready to have fun and get into shape with a certified Zumba instructor? If you answered yes, Zumba is the class for you! It's an exhilarating, Latin-inspired, dance fitness-craze that you are sure to enjoy. Wear your tennis shoes!

## **High School For Credit Class Offerings**

*For-credit classes are five weeks in length. **Classes meet June 14-July 23, Off July 5-9 (5weeks)** Attendance is mandatory for successful course completion. **Only one absence is allowed.** The following courses may be taken for credit-only.*

### **Personal Fitness and Wellness (Grades 9-12)**

Fee \$0

Personal Fitness & Wellness allows students to individually improve their personal fitness and overall wellness. Students engage in cardio, strength, and core activities in the Fitness Center. Beneficial nutrition information and tips to promote a healthy lifestyle will be provided. This class offers a more personalized learning environment for students who would like to get into shape, lose calories, tone up and track improvements. It provides an alternative to sport activities and a “health club” environment. Track workouts, circuit stations, wellness walking, heart rate monitors, and exercise videos will be a part of the workouts in this class. Self motivation and self-evaluation are essential attributes needed for this course. Physical fitness tracking and improvements will also be a component of this class.

This class will be offered on a Pass/Fail Basis and will run from 10:00am-12:30pm in person T and TH each week. Students will participate virtually M, W and F.

### **Health (Grades 9-12)**

Fee \$0

Health education is a student centered course providing participants with the knowledge and skills necessary to make healthy life choices for today and into the future. Within each unit, emphasis is placed on total health to include physical, mental and social well-being. Individual coursework encourages students to analyze and evaluate their personal health behaviors, how they impact their well-being and use that to promote health and wellness in their everyday lives. Units of study include: wellness, mental-emotional health, alcohol and drug prevention, certification in CPR/AED and first aid, nutrition and human growth and development. NOTE: Information about the human growth and development unit will be provided at the start of the course. A parent/guardian signature is required to remove their child from this unit. Students who do not participate in the human growth and development unit will complete an independent study on health related topics to be determined by the instructor. This class will be offered on a Pass/Fail Basis and will run from 7:30am-10:00am. Students will be in person 4 days a week and 1 day will be virtual. \*\*Most likely a M or F will be virtual\*\*

## **High School Credit-Recovery**

*Credit Recovery classes are five weeks in length. **Classes meet June 21-July 30, Off July 5-9 (5weeks)** Attendance is mandatory for successful course completion. **Only one absence is allowed.** The following courses will be offered.*

### **Math Credit Recovery Workshop**

This course is reserved for students who were unsuccessful in coursework during the normal school year. Students will be required to come to school to work 5 days per week, 2 hours per class. Students will have the ability to make up .5 credits in each section. Students will work in a small group setting to reach course proficiency. The following Math classes can be taken for credit recovery:

<b>Algebra 1</b>	Semester 1 and Semester 2
<b>Algebra 2</b>	Semester 1 and Semester 2
<b>Geometry</b>	Semester 1 and Semester 2
<b>Transition to Geometry</b>	Semester 1 and Semester 2

### **Social Studies Credit Recovery Workshop**

This course is reserved for students who were unsuccessful in coursework during the normal school year. Students will be required to come to school to work, 5 days per week, 2 hours per class. Students will have the ability to make up .5 credits in each section. Students will work in a small group setting to reach course proficiency. The following Social Studies classes can be taken for credit recovery:

<b>Government 9</b>	
<b>Comparative Government</b>	
<b>U.S. History</b>	Semester 1 and/or Semester 2
<b>Modern World History</b>	Semester 1 and/or Semester 2

### **English**

This course is reserved for students who were unsuccessful in coursework during the normal school year. Students will be required to come to school to work, 5 days per week, 2 hours per class. Students will have the ability to make up .5 credits in each section. Students will work in a small group setting to reach course proficiency. The following English classes can be taken for credit recovery:

<b>Grades 9 - 10 Semester 1 or 2</b>	8:00 - 10:00
<b>Grades 11-12 Semester 1 or 2</b>	10:00 - 12:00
