

PEWAUKEE SCHOOL DISTRICT

Dear afternoon PSD Families,

April 16, 2020

I am writing to inform you that today, Governor Evers extended the **Safer At Home order through May 26th** and further **ordered all schools to be closed for the remainder of the school year**. Although this announcement saddens us all it was not unexpected. We have been preparing to continue our efforts to support remote learning for the rest of the school year. As has been the case for the past 35 days when we last had students on our campus, we will roll up our sleeves and continue to do our professional best to meet the needs of our students every day. Following our current Spring Break, remote learning activities will resume on Monday, April 20th and will continue until the end of our regularly scheduled school year on June 5th. We understand what a challenge this is for parents and students and thank you for your support and resilience as we work through this challenging time together.

To support our teachers' ability to continue to plan and deliver quality learning experiences for our students remotely, we will be taking **Friday, May 15th** as an additional planning and preparation day, that will be a non-instructional day for our students. Also, a reminder that we already have a professional development day scheduled for **Friday, May 1st** that we will observe and use to support the work of our staff.

There are many decisions that need to be made in the weeks to come including how summer school and major events like the PHS Graduation Ceremony will be handled. We are in regular communication with area school districts and are having ongoing internal conversations on how to best handle these issues. I am so sorry to the Class of 2020 in particular for what a disruption this has been to your last days as Pewaukee students. We will do everything we can to honor and acknowledge you for all you have accomplished. We are very proud of you!

We will provide more information when we have it. In the meantime feel free to reach out to me or your school administration if we can be of service.

Sincerely,

Mike Cady; PhD

Superintendent
